## Honor Roll of Donors and Annual Report Fiscal Year 2015

( July 2014 - June 2015 )

**RAINBOWS**  
Charitable Foundation

## Letter from President Deb Voth

Rainbows has been blessed with many things this past year. We have a strong Board of Directors who are involved and share their time, expertise, and resources. They help us see what those outside the agency see. They help us process challenges from their unique perspectives to improve processes and move Rainbows forward.

This past year, Rainbows' Board established a Mission Advocacy Committee. You just have to love a group of individuals who have helped you sort through many business practices and guided the Agency through some challenging times and yet see another way they can help. The Board sees how challenging it is to field everything that is continually thrown at us and other not-for-profits regarding governmental funding and changes in policies and philosophies. This committee helps us focus on working with our partners at the local, state, and federal levels to influence decisions that impact Rainbows' services. It is our responsibility to speak for the families and children who need our services.

Last year Rainbows escaped any major funding cuts. However, traditional funding sources have been flat over the last 10 years. Since the cost of doing business increases, Rainbows has an annual fundraising goal of approximately \$1 million. We fell short of this goal last year by \$250,000 but we raised almost \$70,000 more than the prior year. We have a strategic plan in place to reach the \$1 million goal this fiscal year. With our culture of being resourceful and responsible stewards of

our assets and resources, we believe this is a stretch goal that will propel us into the future. With all that in mind, Rainbows finished the fiscal year with a positive balance.

Another fundraising goal that is propelling Rainbows forward is in the area of our Endowment. Currently our Endowment fund is just over \$1 million. With the uncertainty of government funding, this resource is a guarantee and a good way to secure a solid future for Rainbows' kids. In order to grow this fund, we have established a \$3 million goal for endowment.

We maintain a focus on Rainbows' Mission and Guiding Principles at all levels of the organization. We have celebrated successes and approached each challenge through teamwork, partnerships, and collaborations. We have been resourceful in finding solutions through intelligent-decision making and determination.

As I am out in the community I am often reminded how many lives are touched by Rainbows. Often I am approached by someone whose relative was or is currently served. They can't wait to tell me how services made a difference for each child and their family. We have very dedicated and experienced staff. They are the ones who impact services to children with special needs and families every day. I recently heard of a quote by Saint Francis of Assisi that makes me think of Rainbows staff: "A man who works with his hands is a laborer. A man who works with his hands and his head is a craftsman. A man who works with his hands, his head and his heart is an artist."

With the help of our Board, donors, funding partners, and the community, Rainbows staff will continue to reveal the masterpiece in each and every child we serve. It is for them that together we embrace the future, a future with hope.

Deb Voth, President
